0609. Mother of our Savior
(Matko Odkupiciela)

English Text and Accompaniment by Sr. Mary Evelyn Rybicki, CSSF

1. Mother of our Savior, holiest of women,
   You are the straightest pathway leading all to heaven.
   You give us safest passage to eternal portals,
   Young were found worthy to nurse our Creator!
   Mary sweetest Mother, brightest Hope of mortals!

2. We implore you, O Mary, lift your sinful people
   Struggling still with temptation; our strength is not ample.
   You gave birth to our Savior without pain or labor;
   You alone were found worthy to nurse our Creator!
   Keep us safe from all danger; guide us to our Father!

3. Virgin before and after, Marvel of all ages,
   God had sent His Archangel to tell His holy message.
   Intercede for us sinners; be our loving Mother;
   Brightest Hope of mortals!
   Intercede for us sinners; be our loving Mother;
   Brightest Hope of mortals!
